

December 18m, 2026: Letter to Speaker Burrows (Texas Republican Party Speaker of the House)

RE: Donald Trump's Ongoing Attempt to Enslave USA Citizens

Good afternoon,

I am writing you again to remind you that I have received absolutely no relief or reply from your office despite writing numerous times to identify for you a very serious criminal operation being conducted by the current 'President of the United States of America.'

There is absolutely an effort by a team of criminals that are hiding inside of the USA government to unify and coordinate with criminals around my home to surround us, agitate us, affect us, and cause us harm - literally just to cause some form of negative stimulus in our life.

This is truly disgusting.

As a former elected representative of the Republican Party of Bexar County, I am writing to inform your office that your political party is a lost cause and a cesspool of enslaved weakness.

Unfortunately, your weakness is not confined to your own home, your own office, or your own political party, now your weakness is spilling over onto the citizens of the State of Texas which you are sworn to represent.

DONALD TRUMP IS CURRENTLY ENABLING A FORCE OF CRIMINALS TO 'PRETEND' TO BE ENSLAVING OUR HOME TO HIS WISHES AND OVERSIGHT.

Seriously, what happened to this country that would allow our military and president to believe that they could or should carry out such a stupid plot? America, under the command and control of the Donald Trump Administration, is nothing more than a fallen kingdom of evil, spying, pervers.

I am absolutely disgusted with the lack of representation that we are experiencing as your criminal overlord runs wild with unsustainable and unwarranted military power.

Truly, your political party of Republicans are the disgrace of modern America and the world.
